

# EARLY Goals of Care Training: Foundational Skills using the Serious Illness Conversation Guide

## 2025 Virtual Sessions

### OVERVIEW

This three-hour interactive, skills-based session gives healthcare professionals of any discipline a talking map for effective, efficient goals of care conversations.

Led by Dartmouth Health Serious Illness Care Program faculty, the session features active learning and reflection, including progressive skills practice. Participants will leave the session with the skills and tools to begin having these conversations with their patients.

To maximize time for skills practice, prior to the session participants will be expected to: watch a short video (8 minutes) and print out training materials.

### LEARNING OBJECTIVE(S)

At the conclusion of this activity, learners will be able to:

- Describe the rationale for the structure of the Serious Illness Conversation Guide, including its benefits.
- Apply recommendations suggested in the Serious Illness Conversation Guide in their patient interactions.

### TARGET AUDIENCE

Any healthcare professional who takes care of seriously ill patients.
