

# ECG Bootcamp

March 10th, 2026, 1pm-5pm  
**WEBEX\***

This interactive session equips nurses, paramedics, and central monitor/tele techs with the knowledge and skills to accurately identify cardiac rhythms using The Five Step Approach to Rhythm Interpretation. Learn the defining characteristics of five key rhythm types - sinus, atrial, junctional, idioventricular, and heart blocks - and gain a systematic step-by-step method to interpret rhythms with accuracy and confidence in your clinical practice.

\*WEBEX invite will be sent out one week prior to class. You must use a device with a camera, and the camera must be turned on for the entire session.

## Who Should Attend:

- **RNs, LPNs, Paramedics, and CMTs preparing for the annual ECG exam**
- **NPs, RNs, CMTs, & Paramedics who want to improve their cardiac rhythm interpretation skills**

**Learning Objective:** At the conclusion of this activity, participants will be able to:

1. Use the Five Step Approach to Rhythm Interpretation to identify cardiac rhythms

In support of improving patient care, Dartmouth Health is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC) to provide continuing education for the healthcare team.

**Dartmouth Health designates this live activity for a maximum of 3.75 ANCC Contact Hours**
