

Ambulatory Care Blood Pressure 2025 Competency Review

Please join the Ambulatory Nursing Professional Development team as they review findings from the 2025 Ambulatory Core Blood Pressure Competency Program, including an overview of the process, program design, and key insights gained along the way.

Learning Objectives:

At the conclusion of this learning activity, participants will be able to:

1. Identify the errors most commonly seen with blood pressure measurement.
2. Explain the impact of common errors on blood pressure measurement.
3. Describe one evidence-based practice change to improve the accuracy of blood pressure measurements in clinical settings.

Accreditation:

In support of improving patient care, Dartmouth Health is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Dartmouth Health designates this live activity for a maximum of 1.0 ANCC contact hours.
