

RSS: OB/GYN Grand Rounds 2026

Session Date: October 16, 2026 ● 8:00 AM – 9:00 AM

Title: *OB/GYN Grand Rounds 2026 - 10/16/2026 - Methadone 2026 Medication Treatment for Opioid Use Disorder in the Fentanyl Era Implications for pre- and post-natal care; Presented by C. Frederick Lord, MD*

Session Speaker:

C. Frederick Lord, MD, DFASAM
CEO/Medical Director
CT Valley Addiction Recovery Inc

Accreditation:

In support of improving patient care, Dartmouth Health is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Successful completion of this CME activity, enables the learner to earn 1.00 credit(s) toward the CME requirement(s) of the American Board of Surgery's Continuous Certification program. It is the CME activity provider's responsibility to submit learner completion information to ACCME for the purpose of granting ABS credit.

American Medical Association (AMA)

Dartmouth Health designates this live activity for a maximum of 1.00 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Other Learners: All other learners may claim CME-designated participation credit. Consult your professional licensing board regarding the applicability and acceptance of CME-designated participation credit for programs certified for credit by organizations accredited by Joint Accreditation for Interprofessional Education.

Learning Objectives:

At the conclusion of this learning activity, participants will be able to:

- 1 Apply current evidence-based practices and emerging research findings from across OB/GYN subspecialties to enhance diagnostic reasoning and treatment planning for complex patients.
- 2 Recognize clinical presentations that require subspecialty consultation or referral, integrating knowledge from maternal-fetal medicine, gynecologic oncology, reproductive endocrinology, and urogynecology.
- 3 Evaluate how interdisciplinary collaboration and exposure to diverse expert perspectives improve comprehensive patient care across the spectrum of women's health conditions.
- 4 1. know the rationale and indications for medication treatment for opioid use disorder specifically with methadone
- 5 2. Know the mechanism of action of methadone, and side effects.
- 6 3. Identify the specific needs of the opioid dependent mother during each of the three trimesters of pregnancy and in the post-natal period

Dartmouth Health adheres to the ACCME's Standards for Integrity and Independence in Accredited Continuing Education. Any individuals in a position to control the content of a CE activity, including planners, faculty, authors, or others are required to disclose all financial relationships with ineligible companies[^]. All relevant financial relationships have been mitigated prior to the commencement of the activity.

[^]*Ineligible Company is any entity whose primary business purpose is producing, marketing, selling, re-selling or distributing healthcare products used by or on patients.*
