Agenda:

- a. **Introduction of Panelist (5min):** Farm workers (2-3, anonymous), Dr. Stephen Generoux, MD, and Monica Pineda Etter, Community Health Worker.
 - a. Name, job/experience, why did you decide to come speak with us?
- b. **Set up Agenda (2-3min):** 40-45min of prepared questions, translation logistics, 5min for audience questions.
- c. **Questions for Farm Workers (30 min):**
 - a. Can you tell us a little about where you grew up? Your family?
 - b. Can you tell us about yourself and what you enjoy doing? And/or any goals/aspirations you may have?
 - c. I think many people could relate to what you must have been thinking when you decided to come to the United States. Can you tell us more about that time in your life?
 - d. How does a regular day working at the dairy farm look for you?
 - e. If you could change something in your life or in our community right now what would it be?
 - f. Please tell us about your experience or lack of with the medical system. For example, what prevents you from seeking medical care? Or have you decided against seeking medical care? Why? What is important for us all to understand?
 - g. How can a doctor who doesn't speak Spanish (or native language) can establish a trusting patient/doctor relationship with you?
 - h. What is one thing a doctor did that you wish every doctor would?
- d. **Questions for Dr. Generoux and Monica (15 min):**
 - a. What inspired you to work with this community of farm workers?
 - b. What have you learned working/providing care to them?
 - c. For Dr. Generoux, how do you establish rapport/trust with patients when there is a language barrier?
 - d. For Monica, what are some ways you help this community (i.e., what resources are available to them, and we should offer them)?
- e. **Questions from Audience (5-10min)**
