

# The 2024 Ambulatory Care Nursing Webinar Series Part Two: *Telehealth Nursing: Risk and Legal Aspects*

**Friday, May 31, 2024**

Webinar Login: 11:50 am – 12:00 pm

Webinar: 12:00 – 1:00 pm

Virtual – WebEx

## OVERVIEW

Telehealth nursing, specifically Telephone Triage, is the riskiest form of nursing. Without standards of care, training, and competencies, nurses are engaging in the highest level of critical thinking and putting patients at risk for further illness or injury. Nurses need to understand the risks associated with telehealth and the legal ramifications when we fail to practice safely.

## LEARNING OBJECTIVE(S)

At the conclusion of this learning activity, participants will be able to:

1. Define risk management strategies in telehealth nursing.
2. Identify legal standards that must be proven to assert malpractice.

## REGISTRATION

The registration fee is waived. Advance registration is required for planning purposes. Please make every effort to register seven (7) business days in advance of the learning activity. We will not accept walk-in or late registrants on the day of the learning activity.
