

The 2024 Diabetes Webinar Series

Part Two:

Injectable Diabetes Medications

Wednesday, May 1, 2024

Webinar Login: 11:50 am – 12:00 pm

Webinar: 12:00 – 1:00 pm

Virtual – WebEx

OVERVIEW

In this course, you will learn about the various types of injectable medications used for the treatment of diabetes. We will review in detail the various different types of insulin and how to calculate insulin doses for patients new to insulin. We will present the latest information about GLP-1 agonists to tackle insulin resistance in type 2 diabetes with a comparable outcome to bariatric surgery.

LEARNING OBJECTIVE(S)

At the conclusion of this learning activity, participants will be able to:

1. Discuss the various types of insulin, including how to calculate the initial insulin dose.
2. Describe two indications or contraindications requiring a dose adjustment of GLP-1 agonists.

REGISTRATION

The registration fee is waived. Advance registration is required for planning purposes. Please make every effort to register seven (7) business days in advance of the learning activity. We will not accept walk-in or late registrants on the day of the learning activity.

To register, please visit the event website:

<https://dh.cloud-cme.com>. For registration questions, please call (603) 653-1234 or email clpd.support@hitchcock.org.

If you need to cancel your registration, please call (603) 653-1234 or email clpd.support@hitchcock.org.

Cancellations should be made seven (7) business days in advance of the learning activity.
