Description

Senior year is an exciting time for all Colby-Sawyer College (CSC) students, including registered nurses (RN) and respiratory therapists (RRT) who are enrolled in a baccalaureate (BS) program. During the capstone experience, RNBS/RTBS students work side-by-side with faculty, mentors, and other interprofessional colleagues to address topics that are significant to their practice – and to health care in general. Join us as we learn from several CSC RNBS/RTBS students as they present their capstone projects.

Learning Objective

At the conclusion of the learning activity, participants will be able to discuss at least three unique experiences of undergraduate RNBS/RTBS students in a practice-based clinical setting.

Accreditation

In support of improving patient care, Dartmouth Health is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Dartmouth Health designates this live activity for a maximum of 2.0 ANCC contact hours.

All other learners may claim general attendance credit. Consult your professional licensing board regarding the applicability and acceptance of general attendance credit for programs certified for credit by organizations accredited by Joint Accreditation for Interprofessional Education.

Please Note: You must attend at least 80% of the program to receive credit.
