

Palliative and Hospice Care for MAs and LNAs

Tuesday, September 13, 2022

Registration: 8:00 – 8:30 am

Conference: 8:30 am – 3:30 pm

Auditorium E, Dartmouth Hitchcock Medical Center, Lebanon, NH

OVERVIEW

Working with people in need of palliative or hospice care can be challenging and yet, very rewarding. It is essential that health care professionals are able to provide comfort, support, and guidance to patients who may feel afraid and vulnerable. People who work with this patient population benefit from continuing education in order to ensure that they have the knowledge, skills, and behaviors that are necessary to provide care that is based on the most recent evidence. Please join us on September 13th as we review the scope of practice and key content areas of importance for LNAs who practice in clinical care settings that offer palliative and/or hospice care.
