

Shield Our Children from Harm: Keeping Kids Safe and Families Together

Tuesday, April 2, 2024 • 8:45 am – 4:30 pm
Aud E & F, Dartmouth Hitchcock Medical Center, Lebanon, NH & Virtually

OVERVIEW

Twenty years ago we began this journey of bringing together all those professionals dedicated to the safety and wellbeing of children which lead to our first Shield our Children from Harm Conference. Please join us as we celebrate the important work of these professionals who remain devoted to helping children and families whose lives have been impacted by child abuse. As we acknowledge the past 20 years, the result has been allowing us to have a positive impact on the professional development of individuals faithfully committed to protecting and serving the children in our communities.

The 20th annual **Shield Our Children from Harm** Professional Conference will be a hybrid, virtually interactive webinar. It is a joint effort between the Children's Hospital at Dartmouth-Hitchcock, the Child Advocacy Center of Grafton and Sullivan Counties at DHMC, and The Family Place Child Advocacy Centers of Windsor County.

LEARNING OBJECTIVE

At the conclusion of this activity, participants will be able to discuss at least three evidence based practice changes in the care and treatment of children who are at risk for abuse and neglect.
